

# COMMUNICATION

## MANAGEMENT

# Successful Communication

## 7 elements

- Sender
- Receiver
- Message
- Channel
- Noise
- Feedback
- Context

Every good communication management plan should answer the 5 Ws: **who, what, when, where, and why.**

# Key Step for creating Communication plan

The five steps involved in creating a communications

plan are:

- (1) establishing goals
- (2) defining key audiences
- (3) identifying key messages
- (4) creating a tactical outreach plan
- (5) specifying a timeline for moving forward.

# What is meant by communication management?

Communication management is **an umbrella term referring to the flow of information within a company or between multiple companies.**

It focuses on reaching a company's target audiences by planning and implementing different methods of communication.

# What is the role of communication in management?

Communication promotes motivation by informing and clarifying the employees about the task to be done, the manner they are performing the task, and how to improve their performance if it is not up to the mark.

# What are types of communication management?

## Types of Managerial Communication

- Verbal Communication
- Written Modes of Communication
- Body Movements
